

AARAV SHARMA

Machine Learning Engineer

Professional Summary

Machine Learning Engineer with 3 years of experience building machine learning and data analysis solutions. Experienced in Python, SQL, Pandas, NumPy, Scikit-learn, Flask, Git, Docker, AWS, REST API development and data processing.

Technical Skills

Python

SQL

Machine Learning

Pandas

NumPy

Scikit-learn

Git

Flask

Docker

AWS

REST API

Data Analysis

Experience

Machine Learning Engineer

3 years of experience

Developed Python machine learning pipelines.
Prepared and analyzed structured datasets.
Built predictive models using Scikit-learn.
Created REST APIs using Flask.
Worked with SQL databases.
Containerized applications using Docker.
Used AWS for deployment and cloud workflows.

Education

Bachelor of Technology in Computer Science
